

School Sports Day A Great Success

On Friday June 3rd, the Annual School Sports provided an interesting afternoon, not only for the staff and pupils, but also for a large number of parents.

During the Girls Horse Race owing to the breaking of a saddle girth, Lillian Woods, was thrown from her horse, but apart from a severe shaking up, fortunately escaped serious injury.

The children, well trained and enthusiastic, succeeded in breaking all previous records in several different events. The whole program was carried off in a manner that does it alike to those who took part and also to Principal H.D. McKay and his staff of teachers.

Below is given a complete list of the prize winners.

Junior Primary Boys' Running, Rudolph Gutjahr, Jack Bremner.

Junior Primary Girls' Running, Clara Morton, Gladys Baine.

Potato Race, Bert James, Irvine Young.

Senior Primary Boys' Running, Hugh James, Calvin McKay.

Senior Primary Girls' Running, Helen Donnsworth, Helen Davis.

Girls' Three Legged Race, Edna Daniels and Stella Higgins, Vivian Seaton and Vera Ingleton.

Boys' Three Legged Race, Stanley Young and Lloyd Robinson, Billy Taylor and Billy Hanna.

Boys' High Jump, Junior, Walter McKay and Marvin Daniels tied 4th 3ins.

Boys' High Jump, Senior, Frank Plante 4th 3ins, Billy Gordon 4th 3ins.

Girls' High Jump, Junior, Evelyn Woods 3rd 3ins, Edna Daniels 4th 3ins.

Pole Vault, Junior, Douglas Young 7ft, Allan Wilson 6ft 10ins.

Pole Vault, Senior, Cecil Lyon 8ft, Bert James 7ft 10ins.

Boys' Running, Grade 3, Leo Woods, Jimmie Ferguson.

Boys' Running, Grade 3, Ethel Donnsworth, Fred Cox.

Boys' Running, Grade 4 and 5, Stanley Young, Edna Daniels.

Girls' Running, Grade 4 and 5, Edna Daniels, Evelyn Young.

Standing Broad Jump, Junior, Boys, Johnny Plante 7th 3ins, Marvin Daniels 7th 3ins.

Standing Broad Jump, Senior, Boys, Frank Plante 7th 3ins, B. I. Horden 7th 3ins.

Standing Broad Jump, Girls, Lillian Morton and Edna Daniels tied 6th 3ins.

Junior Skipping, Edna Daniels, Edna Woods.

Intermediate Skipping, Eugenie St. Jean, Edgar Daniels.

Senior Skipping, Elinor Porter, Robert Woods.

Foot War, Mr. Perry's Room, Boots and Shoe Race, Harry Horden, Billy Taylor.

Relay Race, Bill Horden's Team, Back Race, Grades 1 and 2, Willie Wilson, Lloyd Peterson.

Back Race, Open, Leo Woods, Stanley Young.

Needle and Thread Race, Mable Donnsworth and Robert Brown, Jennie Donnsworth and Douglas Young.

Senior Boys' Running, A. Douglas Young, Walter McKay.

Senior Boys' Running, B. Bert James, Irvine Young.

Senior Girls' Running, B. Nellie Brown, Lucy Morton.

Girls' Horse Race, Nellie Brown, Lucy Morton.

Junior Bicycle Race, Harry Woods, Allan Wilson.

Senior Bicycle Race, Walter McKay, Irvine Young.

Boys' Horse Race, Bobby Brown, Douglas Young.

The Barn Dance Was Big Success

The Barn Dance at Mr. H. McKay's last Friday night was one of the largest and most successful affairs ever given in the district. The large crowd seemed to thoroughly enjoy themselves every minute of the time. The B. Z. was given by the ladies of the U.F.A. was well patronized. The beautiful entertainment donated by Mrs. J. A. McKay was won by Mr. W. H. McKay to the delight of the whole crowd.

The U.F.A. desire to thank the public for their generous patronage. Mr. McKay whose generous offer of the use of his fine barn made the whole affair possible, the ladies of the U.F.A. for furnishing the light, which A.R. Tudhope is agent, and all others who continued in this way to the success of the evening.

Baseball News

Bonanza baseball team will play the Gleichen team on the Gleichen road, next Monday evening, June 15. All agree that there will be one of the time rivals in a real game.

Clay took a tumbledown turn at the Gleichen ball team, 1 to 1. It was caused by the fact that four or four of Gleichen's regular players to turn up and play. It was a terrible pit to swallow for a bad to go. And, by the way, the Gleichen's Harry kept the merry laughter.

The Gleichen team journeyed to Calgary last Sunday and played the return game which resulted in a victory for Gleichen, the score 5-1. The runs were made in the first innings and after that some remarkable playing was made. Clay had left Lewis of Calgary playing for them and he certainly had his hands full. Clay has a good team and will not doubt make a name for themselves before the season is out. A good crowd attended.

W. P. Evans, the Gleichen newspaper reporter, accompanied by his wife, pulled out Friday afternoon for Edmonton and Vancouver. At Edmonton, last Saturday afternoon, and evening they attended the convention of the Alberta Division of Canadian Press Association. On Monday evening left for Vancouver on the special train from Toronto, which is carrying the members of the Canadian Weekly Newspaper Association from all over Canada and who will meet in convention at Vancouver Thursday and Friday. They will not be back for another week and we will then tell all about their adventures.

No New School This Year

At a meeting of the school board held last Monday evening, it was definitely decided not to proceed with the erection of a permanent addition of two rooms to the brick school. This decision was reached on account of building conditions. The latest estimates for the proposed addition had about \$17,000. The board has decided to postpone the building of a new school on the east end of the frame building, now being used for grades 1 and 2, until it will be reasonably safe to install a furnace which will heat both rooms. In this way the board hopes to provide such additional accommodation as will be necessary for two or three years. When building conditions will have become more stable. The estimated cost of work being undertaken is \$33,000.

Mr. Freng Goes To Lethbridge

Mr. M.C. Freng, who for the past year has been manager of the Government Demonstration Farm, left on Saturday last for Lethbridge, where he will represent the department of Agriculture in rendering practical assistance to the farmers of the south, in grappling with many problems, peculiar to that part of the province. The departure of Mr. and Mrs. Freng and their little daughter Lona is a distinct loss to our district. However the government could not have found a better man to co-operate with the people of the South. Mr. Freng has had wide experience, is thoroughly practical and has sound faith in the south country, if the people will but patiently and with open mind, adopt new methods, with a view to overcoming their peculiar difficulties. We congratulate both the farmers and the Government and wish Mr. Freng every success.

(The Lethbridge Herald has the following to say)

Acting on the resolution passed at a recent Farmers' convention, held in the city during the winter, as to a representative of the Agricultural Department being stationed in the south country to advise farmers on irrigation and dry-farming methods, Hon. Charles Marshall, Minister of Agriculture, prior to leaving for England, has acted on the resolution by appointing M. C. Freng to the position with headquarters in Lethbridge. Mr. Freng has an intimate and expert knowledge of farming. He comes to Lethbridge from the school of Agriculture, Gleichen, where he was because on livestock. He was for five years manager of the provincial farm at Charlton and Gleichen, and was also manager of the Canadian Pacific farm at Brooks for two years, and five years as manager of the Duke of Sutherland's farm at Brooks. Mr. Freng is, in addition to his own farming experience, was for five years in charge of livestock experimental work at Bonanza, Montana. Although his experience in dry and irrigated farming has been large and varied, he was born in Wisconsin.

H. A. Craig, Deputy Minister of Agriculture, is in the city today, along with Mr. Freng, seeking quarters for the office to be opened in the city, and which will be available at all times for farmers seeking information in their problems. Mr. Craig will return to the city about the beginning of June and will drive over the territory with Mr. Freng, to take in all the aspects of the south country. The new office, it is hoped, will be ready for business by June 1st, when Mr. Freng and his family will move to Lethbridge.

The church has been criticized for being too conservative or super-sensitive about giving publicity to the work she is doing. Probably there is just reason for such criticism. Very few of the men and women who are putting their very lives into the work of the church, from week to week throughout the year, care to be in the public eye, but would rather do their work quietly and as far as possible unobserved. While such a spirit is to be commended, our church buildings should, out of consideration for the stranger and the visitor, at least bear some mark of identification. To meet this need a large sign-board giving the name and some information about the principal organizations, such as has been erected in front of Union church.

St. Andrew's Church, Gleichen

June 12th, 3rd Sun. after Trinity.
Sunday School, 10 A.M.
Evening Prayer, 7:30 p.m.

Grasshopper Situation Is Getting Serious

The Grasshopper situation is becoming quite serious and immediate action is imperative. The frost did not kill them to any great extent as was hoped. They are not in the fields to any great extent as yet, but are appearing in large numbers along the edges where they can now be turned by spreading straw along those places and burning at night. It is of course, or poison quite easily. One man can do more the next week than ten men can do after they start to move into fields. Every one should try to supply of poison and materials at once as even the large amount can do after they start to move into fields. Every one should try to supply of poison and materials at once as even the large amount can do after they start to move into fields. Every one should try to supply of poison and materials at once as even the large amount can do after they start to move into fields.

U.F.A. Sunday, June 19

U.F.A. Sunday, June 19th, will be observed by the Local Union Services in St. Andrews and Union Churches will be cancelled and a Mass-Meeting held in the Opera House, on Sunday evening at 7:30, at which the local patrons will speak. It is expected that the musical part of the service will be led by a massed choir of both churches. Arrangements for the service are being made by Mr. Hollinger of the U.F.A. and the local ministers. The U.F.A. desires to extend an invitation not only to its own members, but also to every person to come to this service. Open House Sunday evening June 19th.

EDITORIAL NOTES

The Editor asked one of our citizens why he was opposed to organized Sports on Sunday. The answer received was so concise, clear and thoughtful, that reproducing it as it was given, may set some person else thinking.

"I am opposed to organized Sports on Sunday; and I expect the same principles may be applied in other Directions:—

1. Because of the origin of the rest Day, The Jewish Sabbath or Sunday its Christian equivalent were both born of the religious faith of which we are heirs. We owe our rest day to religion.

2 Because of the original purpose of the rest day. The Hebrew was instructed to honor The Sabbath Day, and keep it holy. That is to set it apart, one day in seven, for the purpose of nurturing Spiritual life. The Christian, on the Lord's Day or Sunday, celebrates the Great Spiritual triumph of Jesus Christ when he rose from the dead—I think that anything, either work or sport, which does not contribute to maintaining the original purpose of the Rest Day, is near-sighted.

3 Because if as a community or a nation, we fail to discern or to maintain the purpose for which the day was given, we may well ask, whither bound? A drifting ship is not only in danger itself, but is a menace to all other ships.

Think it over boys.

MEMORIAL PLOT

The Memorial Committee have plans under way to complete the permanent work on the Memorial Plot in front of the Town Hall. The work to be done this year consists of putting in cement walks, cement foundations for the guns, a fence with cement foundation will be built around the plot, which will be put in shape for planting trees and shrubs, in the spring of 1922. The work will just as soon as the Council gets the old wooden culvert, which crosses the corner, replaced with a permanent structure.

THE TOWN HALL, IN NEW DRESS

The Town Hall has received a new coat of paint and now presents a most creditable appearance. We understand that it is the policy of the Council, just as soon as finances warrant the undertaking, to complete the interior of the building. When that has been done, the Hall will be a splendid asset to the town. The large room upstairs might be used as a Council Chamber, a Board of Trade room, a meeting place for the U.F.A., U.F.W.A. and the Agricultural Society and also in other ways which could be made revenue producing.

AGRICULTURAL EDUCATION IN ALBERTA

With the completion last summer of three new schools at Raymond, Gleichen and Youngtown, Alberta now has six schools of Agriculture. The three original schools are located at Glensholm, Olds and Vermilion. With these six schools and the faculties of agriculture and dairying at the provincial university, Alberta has the most comprehensive facilities for instruction in vocational agriculture of any province in Canada.

That the farmers of the province are fully awake to the opportunities offered to them and to their children is proved by the attendance at these schools, which is growing year after year. Situated as it is in the centre of a large mixed farming district, the Olds school has always had the largest attendance and this year has an enrollment of 162. The new schools at Gleichen and Youngtown, built partly with a view to drawing the attendance from Olds, have respectively forty and thirty-eight pupils and should easily double this number next year. The school at Raymond has made a record for the first year with ninety-eight students. The school at Glensholm, in the same vicinity, has also an attendance of ninety.

Altogether Alberta has a total attendance of pupils in agriculture at the schools and the faculty of agriculture at the university numbering five hundred and ten, which is a healthy sign in a province whose agricultural education has been so recently established.

The grasshoppers are now out in countless millions. They may be seen anywhere about town.

Public Notice

Notice is hereby given that at a meeting of the trustees of the Gleichen School District No. 103, held at the Town Hall, Gleichen, on Tuesday, the seventh day of June, A. D. 1921, Resolutions were passed, by-law to raise by way of taxation for the sum of three thousand dollars (\$3,000.00) for the purpose of erecting a new room addition to the Gleichen School, was passed.

And further, that notice that it is the intention of the said trustees to make Application to the Board of Public Utility Commissioners for authority to borrow the said amount upon the conditions set forth in the said Resolutions, was passed.

A poll of the ratepayers for and against the same was taken and resulted in a majority in favor of the same, by a demand signed in writing by twenty ratepayers of the Gleichen School District No. 103.

Dated at Gleichen this seventh day of June A. D. 1921.

Grasshopper Poison Preparation

The chances are excellent for a
large outbreak of grasshoppers this
season. For this reason it is the duty
of every farmer, both for himself and
his neighbor, to be in readiness for
such an outbreak.
Special attention should be given to
the roadside, fence rows and head
lands for the Houdan Grasshopper.
For the first two weeks after hatching
out, good will result by poisoning
along their breeding places, before the
hoppers are scattered all over the
fields.

Stubble fields should be watched for
the lesser migratory Grasshopper.
These hatch out all over the stubble
and unless plowing or packing can be
done before they hatch, it will be
necessary to poison wherever they
are concentrated.
The pest may most readily be con-
trolled by immediate action, as soon
as the young hoppers are observed,
and in order to do this all should be
familiar with the poison bait and the
preparation, and where the poisoning
ingredients may be obtained.

The poison bait and method of
preparation follow:
Paris Green, or White Arsenic, 1 lb.
bran, or equal weight of bran and
saw dust, 25 lbs.
Molasses, 3 qts.
Water, 2 to 3 gallons.
Three finely chopped lemons or
orange, or one pound of salt.

Thoroughly mix the Paris Green,
or White Arsenic, with the bran, or
bran and saw dust. Dilute the molasses
with the water and have the water
warm. Now add that salt and rind
of the lemons. Stir the spray so
formed into the poisoned bran. Stir
well to make a moist mass, but not
wet. There should be no lumps and the
mass should crumble easily when
squeezed. Scatter broadcast along
boundaries and over plowed fields.

When salt is used instead of lemon
it is mixed with the poison and bran
before the wet ingredients are added.

Twenty-five pounds of the mixture
is sufficient for one acre. Scatter
thickly. Of the above material the
White Arsenic, bran and molasses
may be secured from the Gleichen
School of Agriculture, at these prices:
bran, \$1.35 per 100 lb. sack.
White Arsenic, 50c per lb.
Molasses, 54c per lb. (C.M. 45c gal.)
The molasses comes in half barrels
of approximately 30 gallons each, and
since these cannot be broken it would
be advisable for neighboring farmers
to purchase a half barrel jointly.

To ensure complete control of the

Tillage to Control Weeds

Weeds are one of the most destruc-
tive agencies the grain farmer has to
contend with. They not only rob the
soil of moisture and fertility, decrease
crop yields and add expense to har-
vesting operations, but they are in
some measure responsible for soil
drifting; since frequent cultivation to
destroy weeds pulverizes the soil so
that soil drifting results.

The practice of "stubbleing in" is
largely responsible for the rapid in-
crease in weeds in the West. Pre-
sently the second crop after break-
ing is established in, and during the two
seasons perennial grasses and other
colds get well established, and, as
many farmers have found, and their
attribution in later years is ex-
pected. Fall or spring plowing im-
proves saving the second crop on new
land is usually advisable. Stubbleing
in without surface cultivation on the
old land gives the weeds every op-
portunity to multiply. Stubble cul-
tivation of stubble land before sowing
will aid materially by destroying the
weeds that have wintered over or
have started during the early spring.
The cultivation should only be of suf-
ficient depth to destroy the weeds,
thus permitting depositing the seed
straw in the firm soil below. Too
deep cultivation frequently results in
drying out the seed bed and in a de-
crease in crop yields.

It is on the summer-fallow that
grain growers largely depend for
clearing fields of weeds. The fallow
therefore should be thoroughly work-
ed and in order to curtail the cost and
avoid pulverizing the soil too much
the proper implements should be used
at the proper time. Cultivation of the
fallow in the fall at harvest, or in
the drier sections in the spring
immediately after seeding, will aid in
starting the weeds, and these can be
ploughed under in June.

Frequently after carefully fallow-
ing a field for the whole summer it is
found that the weeds come up in the
crop next year. This may be due to
the surface soil being too loose and
dry to allow weeds to germinate.
Making the soil sufficiently firm after
ploughing so that the moisture will
come near the surface will make
conditions such that the weed seeds
will have to sprout. In the West con-
siderable difficulty is experienced with
weed seeds blowing on to the ploughed-
under crop from other near-by fields.
The weeds come up in the crop and cause
considerable loss. In districts with
long enough seasons the land can be
harrowed early in the spring and this
will warm up the soil and when weeds
have started they can be destroyed
before seeding.

Harrowing the growing grain is a
practice that should be more commonly
employed. The least damage is done
to the crop when the leaves are about
one inch high, the next best time is
after the crop is well rooted and the
plants are about five inches. The de-
velopment and nature of the weeds
must, however, be the deciding factor
are the most readily destroyed when
they are in the two-leaf stage. On
the Scott Station weedy crops are
usually harrowed twice, and while
some delay in maturity results, a clean
crop is usually more profitable than
a weedy one, and where the soil is
firm and free from trash, little dam-
age has been experienced.

A meeting of the Curling Club
will be held at 8:30 o'clock Thurs-
day night, June 6th. A full attend-
ance is requested as the shingling of
the rink roof and other important
business will be transacted.

A LAW SOCIETY will be held on
Friday evening, June 17th, at the
house of Mr. and Mrs. J. H. Bockley.
Support will be served at 6:30 p.m.
Committees have been appointed to
provide games and sports and a
general pool time for everybody.
Further notice will be made next
week.

If you want a coat that will shed
water like a duck and at bargain
prices see Stubbick & Brown.

Next Sunday morning, in the
Clung school house, at 11 o'clock,
English Church services will be
held. The services will be con-
ducted by Rev. Corbitt of Gleichen.
Everyone is cordially invited to
attend.

There must be united
action on the part of all those in any
way affected.

TENDERS

For the Erection of a Stock/Pen
and a Principal's Residence at the
Schools of Agriculture, Youngstown,
Raymond and Gleichen, Alberta.

Sealed tenders are required to the un-
designed and specified "Fisher for
Stock/Pen and Principal's Residence".
Tender will be received up to 12 o'clock
noon, Monday, April 20th, 1921.
Full particulars may be obtained by ap-
plication to the Provincial Architect, Parlia-
ment Buildings, Edmonton, each ap-
plication to be accompanied by a de-
posit of \$100.00 which will be refunded
on the return of plans, specifications,
and plans for the work. Each tender
should be accompanied by a certified
check to the amount of five per cent
of the estimated cost.

Should the contract be awarded the
successful bidder will be required to
execute a Bond or other security to the
approved Survey Company to the ac-
count of the Province of Alberta, in the
sum of \$10,000.00, as a guarantee of the faithful
performance of the contract within six days after
contract is awarded.

The right is reserved to reject any
or all bids or to waive any defects.
Signed:
D. ROBERTSON,
Deputy Minister of Public Works.

Local and District News

Miss B. Buckley left on Monday afternoon, to attend the Junior U. W. A. conference, being held this week in the University Building, Estimation South.

Chris Bartsch shipped a carload of baby beef, raised on his own ranch, to the Calgary market last week. The little fellows realized just \$2.20 a head. With the present state of the market such returns are satisfactory for yearlings and would indicate that farmers would do well to mix stock raising with wheat farming.

The Gleichen High School Ball team, won their first game of the season in Bassano on Saturday afternoon by the score of 8-6. The teams were very evenly matched and the score saw-sawed back and forth till Gleichen put the game on ice for scoring three runs in the first of the ninth. The return game will be played in Gleichen on Friday night at 6:30 sharp.

A big dance is to take place on Thursday June 16th, at 9 p.m., in the Gleichen Opera House. This dance is being put on by the L.O.B.A. and all the proceeds will go to the Calgary Orphan Home. As this is a worthy object it is hoped all who can will be present. Supper will be served in the G.W.V.A. hall by the L.O.B.A. members. The price of admission will be 50c and 10c for children.

Dr. and Mrs. Bowles, have the sympathy of the community in the loss of their infant daughter, whose death occurred in Bassano Hospital on Saturday morning June 4th. The little body was laid to rest in Gleichen Cemetery on Sunday afternoon, service being conducted by the pastor of Union Church. Floral tributes from the Gracie Circle of the Sunday School and the Ladies of Union Church tenderly conveyed the heart message that words could not express to the bereaved parents. Mrs. Bowles' mother, Mrs. G.J. Gates of Boston, Mass., who had come to spend the summer with her daughter, arrived on Sunday morning in time to be present at the funeral. Mr. and Mrs. Liggett of Strathmore, were also in attendance. We are glad to learn that Mrs. Bowles is making a good recovery.

Why We Sell "Auto-Shoes"

We have been in the tire business a good while. We have sold them all. We know the "stayer's" tire that gives mileage, that is dependable, that never varies in performance.

We put Ames Holden "Auto-Shoes" in that class and we know that once you fit a set you will come to us regularly for them.

Because they are real value—mileage that costs less—dependable tires, made by a dependable firm, guaranteed to the last thread.

If our roads are knocking the "rolling" out of your tires come to us and let us show you a set of Ames Holden "Auto-Shoes". You'll be quite satisfied with your investment.
